markilux 869

Elegant and unobtrusive – the vertical cassette blind for large widths and drops

- uses a combined belt tensioning system to give optimum cover tautness
- depending on the size it is rated to wind resistance class 3
- beautifully crafted, teardrop-shaped, aluminium cassette only 130 mm in height
- the compact, rounded profiles make it discreet and unobtrusive
- when retracted the cover is completely protected from the weather by the all encompassing cassette
- the 85 mm roller tube ensures the highest rigidity and the best possible cover winding characteristics even at large widths and drops
- 6 m in width with a drop of 3.5 m or 3.5 m in width with a drop of 6 m
- the awning is completely pre-assembled and tested in the factory
- the patented clip-on bracket system ensures quick and simple fixture

up to certain sizes it is rated to wind resistance class three (Beaufort6)

markilux PVC Windows

For the markilux 869 covers with PVC windows are available. The basic window material consists of a transparent UV-resistant foil. Please contact us for details.
