markilux 790

Ideal, lateral protection against low-lying sun, light wind and inquisitive glances – perfect for large patios

- simple operation – just pull the front profile out by the handle
- taut cover thanks to the internal pre-tensioned spring
- fixture of the docking post optionally by insertion in an earth sleeve or by bolting the welded bottom plate to the patio
- when retracted the cover is protected completely from the weather inside the cassette
- awning covers made of acrylic material or sunsilk snc with self-cleaning effect
- dimensions: height 170 cm – maximum extension 500 cm, height 200 cm – maximum extension 400 cm

markilux 75

The patented side blind. Prevents inquisitive glances, protects against low-lying sun and light wind. The awning that opens up into much more than it seems.

- when retracted the cover is protected completely from the weather inside the slim cassette (60

mm x 60 mm)

- the cover can be extended continuously up to a maximum drop of 200 cm so allowing the ideal degree of privacy and sun protection
- when not in use, the cassette is simply folded down and fixed inconspicuously against the wall
- with locking mechanism to prevent the blind rolling up unintentionally in a gust of wind
- cassette width: 128 cm or 170 cm, cover drop 200 cm
- standard RAL colour traffic white RAL 9016, other RAL colours are available if custom orders are placed
