

AUSTRALIA'S FAVOURITE TRACK-GUIDED BLIND SYSTEM

The trusted outdoor living solution

A modern architectural scene featuring a large glass wall that separates an indoor wooden-floored area from an outdoor patio. The indoor area includes a wooden staircase with a glass railing. The outdoor patio has dark grey wicker furniture, including a sofa and armchairs, and is surrounded by lush greenery and a white building facade with horizontal slats.

Connect your indoor and
outdoor environments into
one harmonious space.

Ziptrak® Sunscreen Mesh blind with white pelmet.

Instantly transform your space to create a sense of seclusion and sanctuary. You'll spend more time enjoying life outdoors with family and friends.

Offering protection during every season from UV, sun, wind, and rain for year-round outdoor entertaining.

Ziptrak® is the original and trusted track guided blind system with a patented design that glides smoothly and stops at any height.

The trusted solution for outdoor protection.

Add another room to your home.

Australian owned and invented.

Custom made for every installation.

The blind glides smoothly and can be left at any height.

Fast and easy operation.

SPRING-BALANCED

The unique spring-balanced system provides lightweight hand operation.

Intuitive and easy to use.

No crank, chains, zips or cords.

Leave at any height.

CENTRE-LOCK-RELEASE

The patented Ziptrak® system is even easier to use with the unique Centre-Lock-Release. The blinds lock at their lowest position providing a secure hold in the high winds. When you are ready to open again, simply lift the handle to activate release latches on both sides of the bottom bar.

Yet another remarkable and intuitive solution that makes outdoor entertaining a pleasure.

TRACK-GUIDED

Most outdoor blinds have gaps which let in dust, wind, rain and insects. Ziptrak® provides a sealed barrier, keeping out heat during summer, but locking in the warmth during winter.

INFORMATION

PVC

- Available in clear or tinted.
- Highly engineered plastic made specifically for outdoor blinds in Australia's harsh climate.
- Provides complete blackout of wind, dust, rain and debris.
- Completely see through for uninterrupted views.
- Is the best material choice to maintain the temperature within the space.
- Up to 93% UV Block.

CLEAR PVC

TINTED PVC

Sunscreen Mesh and PVC products are complimentary to the Ziptrak® system, but are not sold by Ziptrak Pty Ltd. Please speak with your retailer about the range, warranty and specifications of these products. We recommend making all selections upon seeing an actual sample. Varying light conditions and the printing process can affect colour tones displayed in this catalogue.

Expand your space.
Tough and durable for years of commercial use.

4.5 meter wide Ziptrak® blinds in Clear PVC at a restaurant.

MOTORISATION

Optional motorisation is a popular choice for many household and commercial applications. The motor is hidden within the pelmet, and the blind can be left at any height. Motorisation is perfect for:

Large blinds.

One touch convenience.

Blinds mounted in hard-to-reach locations.

Lowering multiple blinds with one button.

People with limited mobility.

Only available with Sunscreen Mesh.

SOLARSMART™

SolarSmart™ allows you to operate your motorised Ziptrak® blinds without the need for an electrician to hard-wire into your building power. You'll have your blinds motorised sooner, and at a lower cost.

PROTECTIVE PELMET

A pelmet ensures the blind looks great and operates flawlessly for years.

Available in steel or rust-free aluminium.

Hides and protects blind.

Blocks weather.

Stylish design.

Australia's favourite track-guided blind system.

DIMENSIONS

Ziptrak® blinds are custom made to suit your requirements, for a secure and seamless installation. The system can cover wide spans to reduce the need for additional vertical supports, and provide uninterrupted views.

If you have a wider opening, talk with your retailer about the inclusion of a Ziptrak® Removable Post, or standard fixed post.

Up to 3.5m high

Up to 6m wide
